Information provided by the donor: We were also delighted when brother, Kevin Wood and his wife Nancy arrived at the first Cumberland Presbyterian Church in McKenzie, Tennessee. She and I were fellow cat lovers and friends of wildflowers. We regularly attended women's ministry meetings together and became good friends. The other church members and I were very heartbroken when she passed away. Brother Kevin initiated several programs that were a benefit to the members of the congregation. He began at an event, called "Kids in Christ." Using the church van, Kevin drove the children of the church to nursing homes, senior centers, resident's homes, stores, and the City Hall. Church members and the citizens of McKenzie were delighted to see them coming and the children presented them with hugs, flowers, and snacks. Kevin started another service called "The Living Lord's Supper. He asked 12 men of the church to take the roles of the disciples and on the night of Maundy Thursday, each man described his part as one of the disciples. The members of the church found the service to be very inspirational. Brother Kevin organized the annual Reverend Dr. Tony Janner memorial golf tournament with the proceeds from the tournament benefitting at McKenzie Cumberland Presbyterian Church Sanctuary Fund. Finally, I would like to quote a line from one of brother Kevin's sermons. "Don't think less of yourself, think of yourself less."
